

Sushmita Anil Maurya

Software Developer | MERN | React.js | Node.js

+91 7972945300 | mauryasushmita9422@gmail.com | LinkedIn | GitHub | LeetCode | Portfolio

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in React.js, Node.js, Express.js, and MongoDB through internship and multiple end-to-end MERN projects. Built real-time chat, AI image generation, and Learning Management System applications with authentication, REST APIs, Socket.io, and Cloudinary. Strong foundation in Data Structures, DBMS, Operating Systems, and problem solving with 200+ LeetCode problems solved.

KEY SKILLS

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI

Backend & Databases: Node.js, Express.js, MongoDB, MySQL

Authentication & APIs: JWT, REST APIs

Real-Time Technologies: Socket.io, WebSockets

Tools & DevOps: Git, GitHub, Docker

Programming Languages: JavaScript, C, C++

Core CS Fundamentals: OOP, Data Structures & Algorithms (DSA), DBMS, Operating Systems, Computer Networks

PROFESSIONAL EXPERIENCE

Marcaids – Web Developer Intern (4-month internship, Oct 2025 – Jan 2026)

Gurugram, Haryana

- Developed responsive and reusable React.js components using React.js, JavaScript, Tailwind CSS, HTML5, and CSS3, improving cross-device compatibility and code maintainability.
- Integrated REST APIs to implement dynamic frontend functionality and collaborated with developers using Git and GitHub in an Agile development environment.
- Participated in sprint planning, code reviews, bug fixing, and feature implementation to deliver high-quality, user-friendly web applications.

PROJECTS

QuickChat - Real-Time Chat Application | React.js, Node.js, Socket.io, MongoDB, Tailwind CSS, JWT | GitHub

2026

- Developed a full-stack real-time chat application using React.js, Node.js, Express.js, MongoDB, and JWT authentication with secure user login and protected routes.
- Implemented real-time messaging, typing indicators, online user status, and image sharing using Socket.io and Cloudinary to enable seamless communication.
- Designed a responsive and user-friendly interface using Tailwind CSS and DaisyUI, and integrated REST APIs to efficiently manage chat data and user interactions.

Multi-Restaurant Booking Platform | React.js, Node.js, Express.js, TypeScript, MongoDB, Tailwind CSS | GitHub

2026

- Developed a full-stack multi-restaurant booking platform with customer booking, restaurant registration, table management, and reservation management features.
- Implemented secure authentication and role-based authorization with dedicated dashboards for customers, restaurant owners, and administrators.
- Designed RESTful APIs and MongoDB database architecture, built a responsive UI using React.js and Tailwind CSS, and deployed both frontend and backend applications.

Learning Management System (LMS) | React.js, Node.js, Express.js, MongoDB, Clerk Auth | GitHub

2025

- Developed a full-stack Learning Management System (LMS) using React.js, Node.js, Express.js, MongoDB, and Clerk authentication with Role-Based Access Control (RBAC) for students and educators.
- Built educator dashboards, course creation and management modules, student enrollment features, and integrated REST APIs for seamless data communication.
- Designed a responsive and component-based user interface using React.js and Tailwind CSS, providing an intuitive learning experience across desktop and mobile devices.

EDUCATION

Dr. Shakuntala Misra National Rehabilitation University

B.Tech in Computer Science Engineering | CGPA: 7.49/10

Nov 2022 – Jul 2026

Lucknow, India

ACHIEVEMENTS

- Completed a Web Developer Internship at Marcaids, contributing to responsive React.js applications.
- Built 3 full-stack MERN applications.
- Solved 200+ Data Structures and Algorithms problems on LeetCode.

CERTIFICATIONS

Full Stack Web Development - udemy

Artificial Intelligence - Infosys Springboard
